

LOOKOUT MOUNTAIN

Vision Statement and Policies

The City of Lookout Mountain Georgia's vision is to preserve and enhance the peaceful and beautiful residential nature of our community.

POLICIES

A. Development Patterns

- 1. Our decisions on development and redevelopment will contribute to, not take away from, our community's character and sense of place. All development must be sensitive to the historic context, sense of place, natural environment, and the overall setting of the community while protecting the environment and preserving meaningful open space.
- 2. All development and construction design, landscaping, lighting, signage, and scale will add value to our community.
- 3. We are committed to creating walking, biking, and expanded recreational facilities.
- 4. We will eliminate inadequately maintained housing in our community.
- Our new and reconstructed roadways will be appropriately designed using context-sensitive design considerations to accommodate multiple functions including pedestrian facilities, parking, and bicycle routes, as well as local vehicular circulation. We will enhance community aesthetics and preserve the peaceful nature of our residential neighborhoods and minimize environmental impacts.
- 6. To achieve the peaceful and beautiful residential nature referenced in the vision statement, and to best promote the well-being and safety of residents, development will be subject to review by the Municipal Planning Commission.

7. All zoning request reviews will be consistent with the character identified in the Lookout Mountain portion of the 2022-2032 Joint Walker County Comprehensive Plan.

B. Resource Conservation

- 1. New development and infrastructure will be in a suitable location to protect natural resources, environmentally sensitive areas, as well as valuable historic, archeological, and cultural resources from encroachment.
- 2. Development will minimize the negative impact of land-disturbing activities while maintaining natural topography, existing vegetation, trees, and green open space.
- 3. We will ensure conformance to the City's "Soil Erosion, Sedimentation and Pollution Control Ordinance (Ordinance NO. 301)" and the "Georgia Erosion and Sedimentation Act of 1975 (O.C.G.A § 12-7-1)".
- 4. We are aware that Lookout Mountain, being a ridgetop community located within the geological Valley and Ridge province that extends into the Appalachian Plateau province, has unique geological features like rock outcrops and caves, that is often synonymous with Lookout Mountain.
- 5. As a community, Lookout Mountain is aware that decisions that impact the natural environment may have a negative, physical effect on the surrounding ecosystem. These impacts has the potential to not only influence the immediate area within the boundaries of Lookout Mountain, but also those surrounding communities at a lower elevation. Our devotion to the care and stewardship of the natural environment at Lookout Mountain is done so not only out of affection for our home community, but those surrounding communities of Walker County in which we have affection for.

C. Community Facilities, Services, and Infrastructure

- 1. Future development will be respectful of current residents by being fiscally responsible and phased to minimize disruption to current residents' activities and life in our community.
- 2. We will continue to invest in parks, trails, and recreational spaces as able.

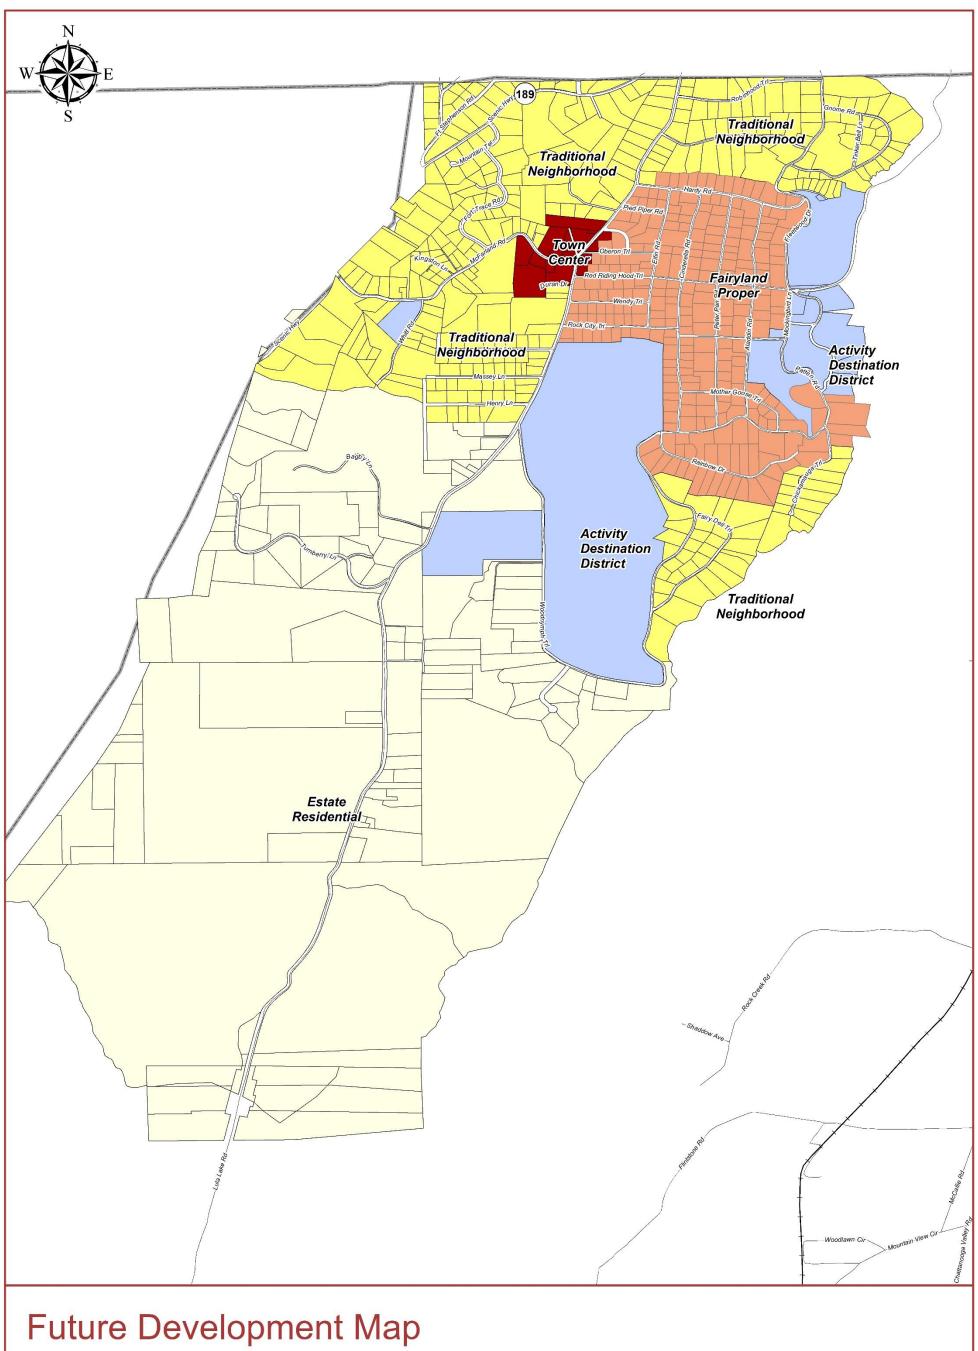

3. Our community will continue to support Fairyland Elementary School.

D. Social and Economic Development

- 1. We will support businesses that are a good fit for our community's economy.
- 2. We will eliminate inadequately maintained housing in our community.
- 3. The Town Center will become a vibrant center of the community to improve overall attractiveness and quality of life.

Town Center: Lookout Mountain

Description: A concentrated focal point with institutional, general retail, service commercial, professional office, and public space uses easily accessible by pedestrians. All new development is to be constructed at an appropriate scale that does not detract from the historic or cultural context that gives the Town Center its identifiable character.

Suggested Development Strategy:

- 1. Residential development should reinforce the Town Center by locating housing options near the
- 2. All new development should be constructed at an appropriate scale that does not detract from the historic or cultural context of the community.
- 3. Parking areas should be landscaped along lot lines to minimize visual impact to the residents.
- 4. Enhance the pedestrian-friendly environment by including sidewalks and creating other pedestrian trails/bike routes linking to neighboring communities and major destinations such as health facilities, commercial clusters, parks, schools, etc.
- 5. Encourage compatible architecture styles that maintain the character of the Town Center.
- 6. Maintain the character of the Town Center by encouraging maintenance and enhancement of architectural elements and curb appeal.

Land uses:

- Commercial
- Public facilities
- Mixed-use
- Residential
- Park/Recreation
- Institutional

Key Word Objectives: Public facilities, Institutional, Respectful of historic development patterns, Sense of place, Alternative multimodal transportation, Heritage Preservation, Open space preservation, Parks, Trails, Conservation Environmental protection

Fairyland Proper: Lookout Mountain

Description: Located east of Lula Lake Road, Fairyland Proper consists of the original Fairyland Estates Subdivision as identified in the original Lookout Mountain Subdivision plat of 1928 by C.W. Chadwick of Ann Arbor Michigan (see attached plat, figure 2 and 3 on the following page). It is bounded by Hardy Road to the north, Lula Lake Road to the west, the Lookout Mountain Golf Course to the south, the Lookout Mountain Club and the city boundary to the east, while running adjacent to Rainbow Drive to the South.

Designed and constructed around numerous natural features and built of architectural styles familiar to the period from the late-1920s through the 1950s, Fairyland Proper neighborhood consists of gridded streets of generally rectangular lots of a third of an acre to a full acre. Fairyland Proper's design, layout, and construction style of the period provides a consistent, resilient, and distinguishable residential character. All new development is to be constructed at an appropriate scale that does not detract from the historic or cultural context that gives the Fairyland Proper its identifiable character.

Suggested Development Strategy:

- 1. Our ordinances encourage single-family detached owner-occupied residential housing.
- 2. All new development is to be constructed at an appropriate scale that does not detract from the historic or cultural context that gives the Fairyland Proper its identifiable character.
- 3. Pursue strong pedestrian and bicycle connections for residents.
- 4. Preserve traditional and historic features while adapting for current uses.
- Emphasis is placed on the preservation and rehabilitation of residential housing.
- 6. Expand and maintain sidewalks and beautification projects.
- 7. Maintain the character of the neighborhood by encouraging maintenance and enhancement of architectural elements and curb appeal.

Land uses:

- Single family detached residential
- Key Word Objectives: Traditional neighborhood, Sense of place, Single family detached residential, Alternative multimodal transportation options, Regional identity, Heritage Preservation, Open space preservation, Environmental protection, Regional Cooperation.

Lookout Mountain Traditional Neighborhood: Lookout Mountain

Description: A neighborhood of parcels of irregular shape and size, whether existing or new development, the lot size, home design, and house size are to be harmonious with other properties in the neighborhood and/or on the street.

Suggested Development Strategy:

- 1. Maintain the character of the neighborhood by encouraging maintenance and enhancement of architectural elements and curb appeal.
- 2. Connect neighborhoods with pedestrian walkways and bicycle paths.

Land uses:

• Single family detached residential

Key Word Objectives: Irregular shape and size parcel, Harmonious with surroundings, Single family detached residential, Sense of place, Alternative multimodal transportation, Heritage Preservation, I

Estate Residential: Lookout Mountain

Description: Rural, undeveloped land likely to face development pressures for lower density (one unit per two+ acres) residential development. Typically, this district will have larger lots, open space, scenic views, and a high degree of building separation. Alternatively, conservation subdivisions constructed in this district should preserve rural, scenic views and natural resources.

Suggested Development Strategy:

- 1. Permit clustered conservation subdivisions with minimal environmental impact and the preservation of existing natural resources. Where needed, certain landscaping features, such as planted trees, will be included to reduce the impact of stormwater flow.
- 2. Site plans, building design, and landscaping are to be sensitive to the surrounding environment and the natural features of the site including the topography, vegetation, and views.
- 3. The preservation of open space and native vegetation is highly encouraged.
- 4. Expand local trails to connect with a regional network, providing pedestrians and bicyclists recreational opportunities while providing natural resource protections.
- 5. Consider design variances for conservation subdivision.

Land uses:

• Single family residential

Key Word Objectives: Traditional neighborhood, Rural cluster development, Conservation subdivision, Open space preservation, Conservation, Environmental protection, Natural resources

Activity Destination District

Description: These areas are characterized by recreational fields, tourist attractions, private clubs, parks, and greenspace; they may also include a mix of onsite or adjacent uses of homes, shops, and small businesses. These locations are pedestrian-friendly and are considered community gathering spaces.

Suggested Development Strategy:

- 1. Newly constructed buildings need to be architecturally integrated with the site and respectful of the established character of the surrounding area.
- 2. The street layout matches those in older parts of the community and connects to the existing street network.
- 3. Provide facilities for bicycles, including bikeways/bike lanes and bike storage racks.
- 4. Site plans, building, and landscaping are to be sensitive to the natural features of the site, including topography.
- 5. Maintain the character of the activity destination by encouraging maintenance and enhancement of architectural elements and curb appeal.

Land uses:

- Parks
- Recreational
- Conservation
- Commercial
- Residential

Key Word Objectives: Recreational activities, Mixed uses, Architectural context, Redevelopment of under or unused location, Pedestrian-friendly, bicycle-friendly.
